## Warner Tech-care UK LTD Acquires PC Werth

We are pleased to announce that Warner Tech-care UK LTD, a subsidiary of U.S. based Warner Tech-care LLC ([www.warnertechcare.com](http://www.warnertechcare.com)), has acquired the PC Werth accessory business from IntriCon Corporation (NASDAQ: IIN). Warner Tech-care's UK LTD will continue to sell accessories and services under the PC Werth, Warner Tech-care and Hal-Hen brand names into the UK's National Health Service (NHS), the UK, and Ireland and internationally.

### Welcome Note from Lee Heidenreich

As you are aware, PC Werth is the UK's longest established and largest supplier of specialist products to the UK's hearing healthcare professionals. Established in 1947 by Peter Werth, the company played an instrumental role in shaping the independent hearing healthcare sector in the UK.

Warner Tech-care, with its 2018 acquisition of the Hal-Hen Company, has played a similar role in the U.S. for more than 70 years. Warner Tech-care's mission has been to equip the hearing healthcare industry with the quality supplies and support needed to prevent and treat hearing loss worldwide. Warner works hard to create collaborative partnerships and provide unmatched service and product support.

We look forward to the opportunity to serve you. With more than 100 years of collective experience and a shared mission, we believe the combination of Warner Tech-care and PC Werth will be extremely beneficial for the customers of both companies.

Moving forward, we will operate under the name Warner Werth. I will be president of Warner Tech-care UK LTD. and Joe Vespe, assisted by Stuart Axon, will direct Warner Werth's operations. Our team is working diligently to ensure a smooth integration of the operations.

Here is our near-term integration plan regarding purchase orders and invoices:

### Purchase Orders

With the exception of hearing aids, instrument service and calibration, all PC Werth products will continue to be available for purchase by telephone [020 8772 2700](tel:02087722700) or online at the PC Werth Webstore ([www.pcwerth.co.uk/store/](http://www.pcwerth.co.uk/store/)). All PC Werth product id numbers and pricing will remain the same. There will be no interruption in service. All purchases currently on order will be filled in a timely manner.

### Invoices

Please remit payment for all outstanding invoices to PC Werth. In the near future, your invoices will be coming from and are to be remitted to Warner Werth.

We at Warner Werth are very excited about the acquisition and look forward to supplying you with an even broader range of quality products supported by exceptional product knowledge and service. If there is a product that we do not have, let us know and we will get it for you. If a product does not exist to meet your particular requirement, let us know and we can help design and source it for you.

Sincerely,

Lee Heidenreich

President, Warner Tech-care UK LTD
